LOMA LINDA UNIVERSITY is a two-campus Seventh-day Adventist coeducational institution located in inland southern California and is part of the Seventh-day Adventist system of higher education.

On the La Sierra campus, at the west edge of Riverside, curriculums in applied and liberal arts and sciences, preprofessional programs for the health-related professions, and programs in professional education in fulfillment of requirements for teaching credentials are offered by the College of Arts and Sciences and the School of Education. On the Loma Linda campus, in the San Bernardino-Redlands area, professional curriculums are offered by the Schools of Allied Health Professions, Dentistry, Health, Medicine, and Nursing. Graduate programs of the departments of the schools are offered from both campuses through the Graduate School.

Accredited by the Accrediting Commission for Senior Colleges and Universities of the Western Association of Schools and Colleges, and the North American Division Commission on Accreditation of the Board of Regents of the General Conference of Seventh-day Adventists, Loma Linda University is a member of the American Council on Education and the Association of American Colleges. The professional curriculums of the University are approved by their respective professional organizations.

Curriculums are offered leading to the Associate in Arts, Associate in Science, Bachelor of Arts, Bachelor of Business Administration, Bachelor of Fine Arts, Bachelor of Music, Bachelor of Science, Bachelor of Social Work, Master of Arts, Master of Business Administration, Master of Health Administration, Master of Public Health, Master of Science, Master of Science in Public Health, Specialist in Education, Doctor of Dental Surgery, Doctor of Education, Doctor of Health Science, Doctor of Medicine, Doctor of Philosophy, and Doctor of Public Health degrees.

The core of the combined faculties consists of approximately 721 full-time teachers. Part-time and voluntary teachers, especially clinicians in the professional curriculums, bring the total past 1,800. Men and women from as many as 100 nations are represented in the annual enrollment of nearly 5,000 students.

The University is committed to equal opportunity and does not discriminate against qualified persons on the basis of handicap, sex, race, color, or national and ethnic origin in its educational and admissions policies, financial affairs, employment programs, student life and services, or any University-administered program. It does, however, retain the right to give preference in student admissions to qualified Seventh-day Adventist students. While this right is retained, it is emphasized that the admission of students is not limited only to Seventh-day Adventist applicants.

STATEMENT OF PURPOSE

The fundamental purpose of Loma Linda University is stated in its motto: "To Make Man Whole." As an institution of higher learning established and operated by Seventh-day Adventists, the University is dedicated to helping its teachers and students — as individuals and as a community — to reach their highest potential in education, in research, and in service. As a community of both faith and learning, the University is founded on the conviction that religious commitment invigorates the disciplined use of all of a person's mental abilities, and that all knowledge is ultimately derived from — and related to — one transcendent Source. The University also believes that education "to make man whole" is concerned with attitudes, goals, and values as well as with information and ideas.

Accordingly, the University's first function is to provide education that is comprehensive and integrative, including for every student (1) a mature understanding of oneself as a person in relation to God and to other persons; (2) an awareness and appreciation of the nature of ultimate reality, of the created universe, and of human existence; (3) a mastery of the basic knowledge and skills necessary for professional success or for advanced study in a particular discipline or vocation; (4) a commitment to personal integrity and generous service; (5) an attitude of continuing curiosity and inquiry, and a sense of the excitement of discovery; and (6) a lifestyle that facilitates the maximum usefulness of a person's abilities.

The University's second function is to enable and encourage its teachers and students to be creative and constructive members of the Seventh-day Adventist church and of society. This means that the University is involved in (1) expanding human knowledge through competent and responsible research, (2) serving as a major resource of information and personnel for the church as it endeavors to fulfill its mission around the world, and (3) responding to the needs of the surrounding communities. Thus the University's intention "to make man whole" refers not only to the education it offers to its students but also to the contribution both it and they can make, personally and professionally, to the church and to the contemporary world.

In the achievement of its fundamental purpose, each part of the University has its own distinctive role. The Board of Trustees and the administration provide the appropriate environment — the physical facilities, the personnel, and the intellectual and spiritual atmosphere. The members of all faculties serve both as educational guides and as role models for their students. The College and the Graduate School provide both general and specialized education in the liberal arts and sciences. The professional schools provide training for the major health professions and for careers in education. All of this occurs in the context, and as a consequence, of personal and collective religious commitment.

THE FOUNDERS OF THE INSTITUTIONS which became Loma Linda University were committed to the idea that religious instruction should occupy a central place in all curriculums. As these institutions grew, the faculty and course offerings in religion were correspondingly enlarged. In 1955 the College of Medical Evangelists expanded the Department of Religion into a major division, a form in which it continued to function when its parent institution became Loma Linda University in 1961. At La Sierra College the curriculum in religion, with its strong theological studies program, continued as a separate department when that college became a part of Loma Linda University in 1967.

In 1976, however, the University Board decided that the teaching of religion on both campuses could be greatly enriched and strengthened through the creation of a single Division of Religion for the University, under the direction of a dean. In this way the student would have access to the expertise and areas of specialization of a large number of well-trained faculty members. Further reorganization in 1979 led to the formation of five departments covering the areas of biblical studies, Christian ethics, church and ministry, historical studies, and theological studies.

ROLE OF RELIGION IN THE UNIVERSITY

Loma Linda University is dedicated to the fulfillment of one great central purpose — To make man whole.

In the beginning, man was created in the image of God, “endowed with a power akin to that of the Creator — individuality, power to think and to do.” Man’s capacity for free, creative, responsible thinking and acting is the image of God within him. Sin has well nigh robbed humanity of this God-like power. By the sin of illogical, irresponsible, rebellious thinking, the first parents of the human race perverted the marvelous mechanism of their minds, beclouded their intellects, and passed on to succeeding generations a greatly dimmed reflection of the Creator. Hence it is the purpose of education, as it is the goal of the plan of salvation, to restore this power, to teach men “to be thinkers, and not mere reflectors of other men’s thought.”

How this restoration may be accomplished was stated by Jesus Himself. Man is sanctified by truth. It is experience with truth — the truth about God and His laws for the operation of the universe — under the transforming influence of the Spirit of truth, that enables a person to regain clarity of thought. As the apostle Paul explains, such transformation requires the renewing of the mind. Similarly, the perfect and mature person is described in the book of Hebrews as one whose faculties have been trained by practice to distinguish between good and evil.

Although sanctifying truth may be discovered through any line of investigation sincerely pursued, Christians acknowledge that the clearest revelation of all comes through Jesus Christ. Therefore, the Division of Religion takes seriously this advice of one of the founders of the University: “God bids us fill the mind with great thoughts, pure thoughts. He desires us to meditate upon His love and mercy, to study His wonderful work in the great plan of redemption. Then clearer and still clearer will be our perception of truth; higher, holier, our desire for purity of heart and clearness of thought. The soul dwelling in the pure atmosphere of holy thought will be transformed by communion with God through the study of the Scriptures.”

The interpretation of the Sacred Writings is considered of first importance in the study of religion at the University. The Scriptures are studied as a revelation of the truth about God, His character, and the kind of persons men and women may become as they are restored to His likeness.

Such a transforming experience with truth and the God of truth requires the healing of the whole person. Salvation involves not only spiritual but also physical and mental restoration. Significantly the New Testament word

“to save” means also “to heal.” Christ was not only the Great Pastor, or Shepherd, but also the Great Physician and the Great Teacher, or Master.

The aim of the University is to lead the student into a healing relationship with Jesus Christ, that the student may be a mature person, skilled in the redemptive art of leading others into this same transforming relationship, competent as teacher, healer, missionary, evangelist — bearer of the whole gospel designed to make man whole. In harmony with these aims of the University, the specific objectives of the Division of Religion may be stated in the following.

Objectives 1. To lead students to an understanding of God as Creator and Redeemer, and of man’s appropriate response to Him.

2. To develop an appreciation for and an understanding of the Bible as the written Word of God, an infallible rule of faith and practice for the Christian.

3. To direct students to an understanding of the basic teachings of the Christian faith and to an articulate expression of that faith as believed and taught by the Seventh-day Adventist church.

4. To lead students to a study of the Bible that utilizes the methodologies of biblical, theological, and historical studies, so that as laymen or ministers they will be able to participate in the work of the church as effective teachers of the Word.

5. To prepare students for the ministry of the church by teaching the basic skills necessary to move into practical fieldwork and seminary training.

6. To communicate to students a sense of personal vocation in connection with the church’s mission to preach the gospel of the kingdom to all the world.

7. To help students to develop a personal religious life of faith, prayer, worship, and service to their fellowmen.

GENERAL INFORMATION

Admission to the graduate programs in the Division of Religion is accomplished through application to the Graduate School of Loma Linda University. For admissions information, inquiry should be made to:

Dean, Graduate School
Loma Linda University
Loma Linda, California 92350

For information on academic programs of the Division of Religion, inquiry should be addressed to:

Dean, Division of Religion
Loma Linda University
Loma Linda, California 92350

or

Dean, Division of Religion
Loma Linda University
Riverside, California 92515

Students wishing to enroll in a combined program should seek information from the dean of the school in which they expect to hold their primary registration.

Registration The student registers at the beginning of each quarter on the dates assigned in the University calendar. Faculty members are available for advice as to the courses best suited to the individual student.

Attendance Regular attendance at all classes is expected. Record of unsatisfactory attendance is referred to the dean of the school in which the student is enrolled.

Scholastic standing Grades and status designations are recorded to indicate credit and standing, and grade points are computed as follows:

A	4.0	Outstanding performance	C	2.0	Satisfactory performance for undergraduate credit
A-	3.7		C-	1.7	
B+	3.3		D+	1.3	
B	3.0	Very good performance for undergraduate credit; satisfactory performance for graduate credit	D	1.0	Minimum performance for which undergraduate credit is granted
B-	2.7		F	0.0	Failure, given for not meeting minimal performance
C+	2.3				
S	none	Satisfactory performance, counted toward graduation. Equivalent to a C grade or better in undergraduate courses, or a B grade or better in graduate courses. An S grade is not computed in the grade point average.			

A student may request a grade of S in only a limited amount of coursework, as determined by the School. This is done by the student's filing with the records office the appropriate form prior to fourteen calendar days before the final examination week. Once filed, the grade is not subject to change.

- U none Unsatisfactory performance given only when performance for an S-specified course falls below a C grade level in an undergraduate course or a B grade level in a graduate course. Similar filing procedures as given for S grade are required. A U grade is not computed in the grade point average.

NOTATIONS

The following notations make clear the student's status but do not indicate credit.

- W Withdraw, given for withdrawal from a course prior to fourteen calendar days before the final examination week. Withdrawals during the first fourteen calendar days of a term are not recorded if the student files with the records office the appropriate form prior to the cut-off date. A student withdrawing during the last two weeks of instruction prior to the final examination week will receive a grade determined according to the grading policy.
- I Incomplete, given for circumstances beyond a student's control. An I may be changed to a grade only by the instructor before the end of the following term.
The student formally requests an I grade from the instructor, stating the reason for the request, obtaining the instructor's signature, and filing the request with the department chairman or dean. If approved, the instructor will then report the I grade on the Instructor Grade Report form, as well as the grade which the student will receive if the deficiency is not removed within the time limit.
- IP In Progress, indicating that the course has duration of more than a single term and will be completed by the student no later than the final term of the course. The student's final grade is reported on the Instructor Grade Report at the end of the term in which the course is completed.
- AU Audit, indicating registration for attendance only. A student must attend at least 80% of the class meetings. A request to change an audit course to credit or credit to audit may be made no later than the fourteenth calendar day after the beginning of a quarter.

Withdrawal Withdrawal from a course or courses must be authorized in writing. Forms for this purpose may be secured from the Office of Admissions and Records.

Student welfare Information about provisions for the general welfare, counseling, health care, and health insurance is provided in the BULLETIN of the respective professional school, in the STUDENT HANDBOOK, and in various written announcements which are available. Students should make certain that they have access to all such information.

Student responsibility Application to and enrollment in the University constitute the student's commitment to honor and abide by the academic and social practices and regulations stated in announcements, bulletins, handbooks, and other published materials, and to maintain a manner that is mature and compatible with the University's function as an institution of higher learning.

Departments of instruction For convenience of reference, the departments of instruction are listed in alphabetical order.

Code letters The subject areas of the Division of Religion departments are indicated by code letters as follows:

- Biblical Studies — RELB
(Biblical Languages — RELI)
- Christian Ethics — RELE
- Church and Ministry — RELP
- Historical Studies — RELH
- Theological Studies — RELT
(Mission Studies — RELM)

Course number The course number indicates the comparative level of difficulty and the class standing of the students for whom the course is offered:

- 100-199 First undergraduate year, lower division
- 200-299 Second undergraduate year, lower division
- 300-399 Third undergraduate year, upper division
- 400-499 Fourth undergraduate year, upper division; graduate credit for graduate students
- 500-599 Graduate courses
- 600-699 Graduate seminars and research courses
- 700-799 Professional courses

Units of credit Undergraduate students in the College of Arts and Sciences and the School of Education normally register for religion courses with four units of credit.

Students in the schools of the *health professions* ordinarily register for two units of credit. Under certain circumstances the professional student who needs an additional unit of credit may register for three units by special arrangement with the Division for additional research and tutorial instruction.

Graduate students register for three or more units, and with proper undergraduate preparation may enroll in courses numbered 500 to 699. Certain advanced, upper division, undergraduate courses (numbered 400-499) are acceptable for graduate credit. Unless specified in a curriculum, such undergraduate courses should be selected *only* in consultation with a Division of Religion adviser. Students who anticipate having to transfer graduate credits from Loma Linda University to professional or graduate programs in other schools of religion or theological seminaries should know that ordinarily only courses numbered 500 to 699 will be acceptable as graduate transfer credit.

International students The admission of students from countries other than the United States or Canada is limited to those who meet all requirements for admission; submit official English translations of their transcripts; furnish suitable recommendations from responsible persons; pass the Test of English as a Foreign Language (TOEFL), or the Michigan

English Language Test (MELT), if English is not the student's native tongue; and give evidence of ability to meet all financial obligations to the University during the course of study.

Inquiry about the time and place of administration of the tests should be addressed to Educational Testing Service at the addresses noted under Examinations.

Scholarships and assistantships for first-year graduate students from abroad are extremely limited; consequently applicants should assume that they will need to have financial resources sufficient for a full year's study. An amount equivalent to the tuition charge for two quarters must be on deposit in the Office of Student Aid and Finance before immigration documents are furnished.

FINANCIAL INFORMATION

GENERAL INFORMATION

Plan ahead The student is expected to have arranged for financial resources to cover all expenses before the beginning of each school year. Accounts with other schools or with this University must have been settled. To prevent long waiting lines at registration, the student is urged to make financial plans well in advance and to complete financial arrangements with the Student Aid and Finance Office on or before announced registration dates. Graduate students in religion should register and arrange finances on the Loma Linda campus. Undergraduate religion students complete arrangements on the La Sierra campus.

Business hours To avoid inconvenience, parents, sponsors, and others who plan to come from a distance to the campus for business purposes should *telephone* for appointment, especially if they are unable to arrive during official business hours.

9:00-3:00 Monday through Thursday
9:00-12:00 Friday

All offices are *closed on Saturday, Sunday, and legal holidays*. Appointments may be made by telephone to *area code 714* and the following numbers:

Student Finance / 785-2251 (LS); 824-4509 (LL)
Student Aid / 785-2175 (LS)
Student Employment / 785-2147 (LS)

Advance payments Payments must be made in advance as follows: (a) a \$100 room deposit by residence hall students; (b) the tuition charge for the current quarter; (c) the minimum guarantee deposit of \$1,925 for international applicants before issuance of I-20. For further details, see the Schedule of Charges, Deposits, International Students, Payment Plans, and other subsections in the *Financial Information* section of this BULLETIN.

Checks Checks should be made payable to Loma Linda University, and should have noted thereon the *student's name and I.D. number* to ensure that the correct account is credited. A charge may be made by the University when a check is not honored by a bank.

Health insurance Health service plans are automatically provided in the payment of charges for students registered for 7 units or more. A student enrolled for fewer than these units may *request and pay for* health service coverage. The health plan covers the hospital and medical expenses outlined in the Student Health Service folder. Items not covered by the terms of the health plan are payable by the student in all cases, and payment is expected at the time these services are given. Married students may have family coverage by applying for it within thirty-one days of their initial enrollment date for the year and by paying additional premiums. Information on rates and the appropriate forms are available at the Cashier's Office. (See also the *Student Affairs* section.)

Room and damage deposits The accepted residence hall student is required to pay a \$100 nonrefundable (except as provided in Section IV of the Residential License Agreement) room reservation deposit, which must be accompanied by a properly signed and executed Residential License Agreement before a room is assigned or occupied. In addition, a \$50 room damage and cleaning deposit is required and is refundable according to the provisions listed under Section II of the Residential License Contract. Further details are published in the *Student Handbook*. Loan contracts, grants, scholarships, or other kinds of financial aid are not accepted in lieu of these deposits.

International students An international applicant (other than Canadian) on a student visa is required to make an advance deposit of \$1,925. All international students must furnish evidence of additional resources to finance the expenses of the education planned. Because international students do not qualify for loans and grants listed under Student Aid, parents or sponsors are responsible for making payments in accordance with the financial practices of the University. A Financial Information Form is available from the Office of Admissions. The student must obtain the proper signatures on the form and file it with the Office of Admissions before clearance can be given for the issuance of an I-20 form.

Under the "bursary plan" of the Seventh-day Adventist church, international students may apply for financial aid through the treasurer of their division. Undergraduate students accepted under this plan receive funds matching the church division funds up to 25 percent of the cost of tuition. Employment in the United States is subject to the regulations of the Immigration and Naturalization Service.

Residence hall study load A residence hall student is expected to carry an academic load of at least 8 units per quarter and be matriculated.

Financial clearance Students are expected to make satisfactory arrangements with the Student Aid and Finance Office for meeting all financial obligations to the University and to keep their financial status clear at all times. Financial clearance must be obtained at the beginning of each quarter. The minimum requirement for such clearance is that tuition be covered.

Transcripts The University reserves the right to withhold all information concerning the record of a student who is in arrears in the payment of accounts, other charges, or student loans. No transcripts are issued until all of the student's financial obligations to the University have been met as set forth in this BULLETIN. This includes being current in repayment of any student loan.

Past due account A quarterly service charge of 2 percent is applied on the unpaid balance at the end of December, March, June, and September. This is an annual interest rate of 8 percent.

Statements Under the Family Education Rights and Privacy Act of 1974, postsecondary students have full rights of privacy with regard to their account. Statements will be sent only to the person indicated by the student on the registration form.

For further information about cash needs, Student Bank, veterans, and audit arrangements, see College of Arts and Sciences CATALOG.

REFUNDS

Withdrawal When a student withdraws from all courses and leaves school, these practices are followed:

1. *Date of withdrawal.* The official date of withdrawal and the effective date of the calculation of a refund is the date on which the *completed drop voucher* is turned in to the University Records Office.

2. *Tuition.* A minimum charge of 5 percent of the billed tuition is made during the first 5 days of school after the published registration date; thereafter a charge of 3 percent of the billed tuition for each school day up to the full amount of the charge. This applies to part-time as well as full-time students.

3. *Board.* After deducting the \$20 nonrefundable snack shop ticket, the charge for board used will be prorated on a daily basis for the 21- and 15-meal plans (any part of a day is counted as a full day). The 10-meal plan will be prorated on a weekly basis (any part of a week is counted as a full week).

4. *Room.* The charge for room use is governed by the Residential License Agreement, which provides for a prorated refund based on 30-day notice of cancellation (see Section IV of the agreement).

5. *Identification card.* The student must return the ID card to the Student Finance Office to establish eligibility for refund. Refund of meal charges will be figured from the date the ID card is received in the Student Finance Office.

6. *Illness.* Special consideration may be given for tuition refunds in the case of prolonged illness.

7. *Return home.* If the student does not have funds for return fare home, an emergency assistance may be granted, provided there is sufficient credit in the account.

8. *Damage deposit.* Refund will be made when the residence hall dean returns the signed residence hall release to the Cashier's Office. The amount refunded will reflect any deductions made for damage or cleaning.

9. *Refund.* Ordinarily the balance of the account is refunded approximately one month from the date of the completed drop voucher. The refund is made to the student unless other instructions are given. If a student is receiving financial aid, under normal circumstances the surplus is returned to the aid fund account. California state scholarship and BEOG funds are prorated.

Change in study load Any course added will be charged from the beginning of the quarter. When a student drops courses during the quarter, the charge made is on the same basis as the "withdrawal" charge. The student must present the add-drop voucher during the quarter in order to receive a refund adjustment.

Residence change A student who chooses to move out of the residence hall during the quarter is subject to the prorated refund provisions of the Residential License Agreement, which are based on a 30-day cancellation notice (see Section IV of this agreement).

Meal plan change At the beginning of each quarter when financial clearance is obtained, a meal plan may be chosen. No change of meal plan may be made during the quarter.

Overpayment If the account is overpaid, the student should allow time for all records (such as cashier receipts, registration records, etc.) to clear through the normal accounting procedure. A signed request form or letter from the student is necessary to initiate the procedure for any refund.

PAYMENT

Two methods of payment are available to the student and/or parents:

- Direct to the University
- Contract with a loaning agency

The details of these methods are explained in the following sections.

Direct payment Tuition is to be paid in full at the beginning of each quarter. Board and room charges for the full quarter are due and payable six weeks after the beginning of the quarter.

Contract payment with outside agency The student or parents may contract with a loaning agency for the expenses of the quarter, the school year, or the entire curriculum (keeping in mind that processing a loan contract takes approximately 4 or 5 weeks). The contract may be negotiated for one academic year, with 8 to 12 monthly payments; or for periods up to four academic years, with monthly payments extended over 48, 60, or 72 months.

If a contract payment plan is selected, the payment check is made to the loaning agency, not to the University.

The benefits of the plans are: (a) payments are predetermined so that financial plans can be made in advance; (b) payments are reduced to a minimum by being spread over a period of time; (c) if the account is insured, the contract becomes paid in full on the death or total disability of the person responsible for payments; some contracts also insure the student; (d) no cancellation fee is charged by the loan agency in case of withdrawal from registration.

EMPLOYMENT

Application A student who needs to work part time to assist with expenses must obtain a work permit from the student employment office. The student applying for a scholarship, grant, or loan, or for work, is requested to provide evidence of financial need by filing a *Financial Aid Form* (FAF or SAAC) with College Scholarship Service. Forms are available from secondary school counselors or the Student Aid and Finance Office. Filing should be completed by March 15 so that the necessary information will be received in the Student Aid and Finance Office by May 1.

Campus work Campus employment opportunities are offered primarily by such services as cafeteria, dairy, farm, grounds, housekeeping, maintenance, Fast Pack, and market. Some additional opportunities are offered in the residence halls, the library, the general administrative offices, and the academic department offices.

Local businesses A few local businesses adjacent to the campus provide a limited number of employment opportunities at which the student may earn an average of approximately \$1000 a year.

Cash payment Cash payment for part-time employment by the University is made on a bi-weekly basis for the student's use for personal needs, loan payments, etc. The student may elect to have the check applied directly to his/her account (except the student on a federal work-study program).

Tithe Payroll deduction is available to facilitate the payment of tithe and to apply earnings on student accounts. Arrangements are made at the student's request. A student on a federal work-study program cannot apply for a payroll deduction.

STUDENT AID

Financial assistance for education is available through federal government sources, state scholarships, private lending agencies, certain University resources, and established awards, grants, scholarships, revolving loan funds, and the like.

How to apply To apply for aid or enter on a contract payment plan, the student should (a) be acquainted with the information in the Schedule of Charges and in Budgeting for Financial Aid, (b) be aware that processing an aid application or loan contract takes considerable time, and (c) begin planning long enough in advance so that funds are available in time for registration.

Required forms Financial aid to students is granted on the basis of need. So that need can be evaluated in a consistent way, students seeking aid are required to submit a *Financial Aid Form* (FAF) or a *Student Aid Application for California* (SAAC) to College Scholarship Service (CSS) by March 15. The analysis of this form must be in the Student Aid Office file by May 1 in order to be considered for aid with the first group processed. Those whose files are complete after May 1 are considered for aid on the same basis but only as funds are available.

The FAF or SAAC, together with information about the CSS need-analysis system, may be obtained from a high school guidance counselor or from this or any other university student aid office.

Code 4380 The student should use CSS code number 4380 to identify this University/campus. The CSS identifying name and code for the La Sierra campus of this University is Loma Linda U — Riverside 4380.

FEDERAL PROGRAMS

Eligibility Financial aid programs sponsored by the United States Department of Education and administered by this University require the provision of information used for evaluation by College Scholarship Service in establishing the student's eligibility for aid. The student classified as a dependent must have the "Parents' Information" section of the FAF or SAAC filled out, as well as the applicable Student Information. A clearly independent student needs to fill out only the Student Information section and submit the FAF or SAAC to CSS.

Continued eligibility (academic progress) In order to continue to be eligible for federal aid, a student must be making "satisfactory academic progress." This progress is defined on the La Sierra campus of Loma Linda University as having completed at least two-thirds of the units attempted and having achieved at least a cumulative 2.0 grade point average on these completed units.

The academic probation process will be honored in continuing aid. Evaluation of a student's eligibility to continue qualifying for federal aid will be conducted at least once a year.

Citizenship To qualify for federal financial aid, a student must be a United States citizen or a person in the United States for other than temporary purposes and intending to become a permanent resident. International students are not eligible to receive federal aid.

The following five programs of student assistance are supported by the U. S. Department of Education and are available to Loma Linda University students who meet the federal eligibility requirements:

- Pell Grant (formerly Basic Educational Opportunity Grant)
- Supplemental Educational Opportunity Grant
- National Direct Student Loan
- Guaranteed Student Loan
- College Work-Study Program

Determination of what aids are applicable in given cases is made in the Student Aid and Finance Office (with the exception of the Pell Grant and part of the Guaranteed Student Loan).

Regulations The student should become acquainted with the Department of Education regulations which govern each federal program.

National Direct Student Loan Up to \$1,500 per year may be available for needy students. Six months after ceasing to be in at least half-time attendance, the recipient begins to repay the loan at 5 percent interest. There are some other specific provisions for further delaying payments. The student should check with the Aid Office for the individual situations.

Pell Grant (formerly BEOG) The Pell Grant program makes funds available to undergraduate eligible students who are enrolled on at least a half-time basis. To apply for a Pell Grant, a student must complete the *Application for Determination of Pell Grant Eligibility* available from high school counselors or from the Student Aid and Finance Office.

Supplemental Educational Opportunity Grant The Supplemental Educational Opportunity Grant (SEOG) program is for undergraduate students whose financial need determines their eligibility for federal funds. The minimum grant per academic year is \$200; the maximum is \$2000 per academic year.

College Work-Study Program A student who has financial need is offered work during the school year to assist in meeting educational expenses. Certain offcampus jobs at recreation or camping centers may be available during both the summer and the academic year.

Guaranteed Student Loan (GSL) These federally and state guaranteed loans are available to undergraduate and graduate students on a need basis. The loan is obtained from a bank. As of September 1983, the interest rate may be 7, 8, or 9 percent, depending on the individual student's situation. As of January 1, 1981, the repayment deferment time will vary from 6 to 9 months, depending on the individual student situation (this deferment time refers to the delayed time before one must start payment on the loan after ceasing to be at least a half-time student). Loans for undergraduate students can be up to \$2,500 per year; for graduate or professional \$5,000 per year. Please check with the Aid Office to determine the regulations that fit your category.

United Student Aid Fund Certain banks handle United Student Aid Fund (USAF) loans instead of GSL. The regulations and policies for USAF loans are the same as for the GSL program.

OTHER PROGRAMS

Grant-in-aid A limited fund is available through the University for special grants to assist students with special financial need and to supplement other aids. Needy students who may not be eligible for assistance under government-sponsored programs or who, because of special circumstances, cannot receive parental support, may be assisted with a grant-in-aid. Application is made each year, and a determination of financial need is required.

California state scholarship Scholarships are available to California residents who have a satisfactory grade point average and show a financial need. Residents may apply for such scholarships if they meet requirements and establish need. These scholarships provide tuition grants up to \$3,400

at the college of the student's choice. Applications for state aid are available from all secondary school counselors and the Student Aid and Finance Office.

The state of California also offers the College Opportunity Grant and the Vocational Training Grant. Applications are available from all secondary school counselors and from the Student Aid and Finance Office. These funds must be applied for well in advance of the academic year in which they are to be used. The student should check with the high school counselor or the University Student Aid and Finance Office for the application period (this period normally is during January preceding the applicable school year).

Monthly contract loan plans The student not eligible for low-interest, federally sponsored loans may elect a contract plan (some plans with interest; two prepayment plans with a service charge but no interest). Under such plans a student may contract for one year (with 8 to 12 monthly payments) or up to four years (with monthly payments extended up to 60 months). Contracts are signed with and payments are made directly to the agency.

Revolving loan funds A number of low-interest, revolving loan funds, from which limited loans are granted to qualifying students, have been set up as named:

Robert E. Cleveland Loan Fund
Dartley Revolving Student Loan Fund
William B. Greene Loan Fund
Milton and Ethel Griese Loan Fund
Richard Guy Memorial Fund
Robert A. Hanson Loan Fund

Miracle Loan Fund
F. Oliphant Memorial Fund
Fadelma Ragon Sargeant Loan Fund
Ellen Rickard Memorial Fund
Sierra Singers Trust Fund
Marie Stover Memorial Fund

Colporteur The student may earn a colporteur scholarship by selling Seventh-day Adventist publications. The church conference, the publishers, and the University join in arrangements for this provision.

BUDGETING FOR FINANCIAL AID

Budgeting for financial aid necessitates consideration of more than flat rates for tuition, board, and room. Books, supplies, travel, laundry, personal expense, commuting costs, and other miscellaneous expenses are included in the financial aid budget to establish need. Simply defined, *need* is the sum of the costs less the student's and the family's contribution toward the cost of education. The following annual cost budgets are used *for financial aid purposes only*:

Residence hall student, \$10,143

Offcampus student, \$8,865

Application for financial aid for each academic year (with required supporting documents) should be received at the Student Aid and Finance Office by May 1. Aid commitments are made for the year, one-third of the amount committed being applicable to each quarter.

Some funds may be available for students planning to enter the second or third quarters. Applications should be submitted two months in advance.

GRADUATE STUDENTS

University fellowships These are awarded annually to students of outstanding performance and promise. Holders of fellowships are required to perform no routine duties except as they are a part of the program of instruction and training. University fellowships carry stipends and remission of tuition.

Assistantships A limited number of teaching and research assistantships, with stipends up to \$4,000 per academic year, are provided from operating and grant funds with the understanding that the student will perform such duties as may be required by the one to whom the student is responsible, not to exceed half time.

Applications for fellowships, assistantships, and other grants should be addressed to the dean of the Division of Religion.

Other aid Financial assistance is available to the student from University loan funds, government loan funds, and other special trust funds. The student may apply for financial aid before receiving acceptance for admission to the University. Priority will be given to completed financial aid packets received by April 15 of each year. Inquiries concerning loans and other student financial matters should be made of the director of Student Financial Aid. *NOTE:* California residents applying for aid through the State Graduate Fellowship Program must apply to the state by the first week in February for the academic year beginning in September. For more information contact the Student Financial Aid Office.

Closing date An application involving a request for financial aid of any kind should be in the appropriate office not later than April 15. Awards are usually made for an academic year beginning with the fall quarter.

PROGRAMS AND DEGREES

The Division of Religion provides religious instruction for all of the schools of the University. The religion requirements of the various schools and curriculums are specified in the respective bulletins of the schools.

BACCALAUREATE MAJOR PROGRAMS

In addition to its services to the other schools, the Division offers, through the College of Arts and Sciences, undergraduate programs leading to the Bachelor of Arts degree in religion and ministerial studies.

Ministerial studies The ministerial studies program prepares individuals, on a preseminary level, for effective participation in the church's ministry within the contemporary world. It grounds this ministry in the biblical, historical, theological, and social witness of Christianity in general and Seventh-day Adventism in particular. The program endeavors to make the ministry proficient by careful development of such ministering arts as preaching, teaching, counseling, pastoral care, and leadership. It achieves this with the following specific objectives:

1. A cultivation of the personal and social dimensions of spiritual experience, including faith, prayer, worship, and service to others.
2. An understanding of the Old and New Testaments through use of the historical-theological method.
3. An introduction to the basic resources for biblical study, including a knowledge of the Greek language, for use in exegesis and sermon preparation.
4. A familiarity with the origin and transmission of the biblical text, the formation of the canon, and its translation into various versions.
5. A knowledge of the historical development of Christian belief, practice, and mission, including the emphasis of the Seventh-day Adventist church.
6. An understanding of the basic tenets of Christianity as interpreted by Seventh-day Adventists, and an ability to communicate them to the contemporary world.

7. An application of theology to the practice skills of ministry, providing for the performance of the basic pastoral and educational tasks.

8. A study of Christian growth, methods of ministry, and effective witness in the community.

9. An examination of the church's corporate nature, the social dynamics of its institutionalization, and its interaction with other social structures.

Students who intend to major in ministerial studies apply to the Division of Religion during the spring quarter of the sophomore year. In addition, they complete, during that quarter, a prescribed battery of diagnostic tests which cost \$10.00. These are planned, along with a two-hour counseling session, to help students evaluate themselves and their call to the ministry. Each application is considered by the faculty of the Division, and a letter of response is sent to each applicant before the fall quarter of the junior year.

The student is also required to take a proficiency examination in the fundamental beliefs of Seventh-day Adventists. Those who fail to make a satisfactory score in this examination must make up the deficiency by enrolling in RELT 245.

Formal acceptance into the ministerial program is a prerequisite for admission to the courses RELP 361, 362, 374.

More specifically, the programs are designed to:

1. Enable interested individuals to obtain advanced training in religion to meet the constant and growing demands of the church.
2. Assist prospective teachers in attaining the basic qualifications essential for teaching religion in secondary schools and provide the basis for further graduate education in religion.
3. Aid in equipping lay persons for leadership roles in their respective home churches.
4. Cooperate with the Seventh-day Adventist Theological Seminary in meeting the needs and demands for the continuing education of the pastors and teaching ministers in the Pacific Union.

Questions should be addressed to the Chaplain Supervisor, Loma Linda University Medical Center, Loma Linda, California 92354.

THE ETHICS CENTER

The University's Board of Trustees in 1983 approved the formation of a center within the Division of Religion to foster research and reflection regarding ethical issues in contemporary society, with an emphasis on dilemmas posed by recent developments in the various medical arts and sciences. Members of the Division are now developing an endowment to support the Center for Christian Bioethics in the confidence that its resources will strengthen the University's ability to serve its students and friends. For further information, contact the center's director, Jack W. Provonsha, M.D., Ph.D., on the Loma Linda campus.

STUDY TOURS

The Division of Religion offers guided study tours to the Middle East, the Reformation countries in Europe, Latin America, and the eastern United States. Credit for courses in biblical archaeology and backgrounds, Reformation history, religion and society, and denominational history respectively is available. Tour participants who wish to earn credit are expected to initiate their assignments prior to departure and to complete them upon returning from the tour. For further information contact the dean of the Division of Religion.

CONTINUING EDUCATION

The Division of Religion offers continuing education classes in various parts of the Pacific Union upon request of the local church or conference and on some occasions at various academies in the Union. Workshops providing practical and theological information are available on request. Those interested in this service of the Division of Religion should contact the dean's office for up-to-date information and current charges.

The Division of Religion shield, designed by Loma Linda University artist-in-residence Alan Collins, expresses the Christian understanding of the controversy between good and evil. Sin and evil, depicted by the writhing serpent, have already been conquered by the grace of the cross and will be banished forever from the universe by the love of the Father, the redemptive work of the Son, and the power of the Holy Spirit, according to the Word of God.

ALUMNI FEDERATION

The Alumni Federation was organized in 1958. This organization provides an avenue by which the several alumni associations, distinctive of emphasis represented by curriculums of the University, join their common concern for the continued welfare of the institution. In turn, through the Federation the University demonstrates its interest in the continued general and professional development of the alumni, whom it regards as the ultimate and true expression of its accomplishments.

By united and reciprocal interaction, the Alumni and the University seek to ensure a growing community of scholars, practitioners, and citizens dedicated to excellence. Vitally concerned with excellence in education, the Federation lends itself to enlarging the sphere of influence for good envisioned by the founders of the University.

The Federation seeks to foster unity and loyalty and to promote the growth of the total institution and at the same time the best interests of each part. The Federation endeavors—

1. To foster the natural bond among alumni of each individual school, maintaining the right of alumni to direct their own group activities.
2. To assist the University and its schools in their duty to provide for the continuing general welfare of all students, faculty, and alumni.
3. To encourage alumni through constituent associations to assist in providing adequate and dependable financial support both for the University and for alumni activities.

INSTRUCTIONAL RESOURCES

LIBRARIES

The University has two main libraries (one on the Loma Linda campus and one on the La Sierra campus), and one branch library (located in the School of Dentistry, on the Loma Linda campus). The joint holdings are as follows:

Books, bound periodicals, audiovisual materials	547,556
Current periodical subscriptions	3,709

Bus service is provided on schedule each weekday between the two campus libraries so that students and faculty can have access to both libraries. Immediate information can be obtained and lending arrangements made by telephone or mail.

Materials unavailable in either campus library or in the immediate community are obtainable through interlibrary loan. At Loma Linda an electronic mail system is used for interlibrary communication. Computerized search services are also available to offer computer-printed bibliographies on medical-related subjects through the Medline and other data bases in which the Loma Linda library participates.

LA SIERRA CAMPUS	
Books, bound periodicals, audiovisual materials	269,129
Current periodical subscriptions	1,258

The La Sierra campus library is a general liberal arts collection, with concentrations in history, religion, English, and education. A collection of nineteenth-century Seventh-day Adventist books and pamphlets is in the Heritage Collection. In addition to the microfiche Library of American Civilization already purchased (21,000 titles), the library is augmenting microform holdings.

LOMA LINDA CAMPUS

Books, bound periodicals, audiovisual materials	278,427
Current periodical subscriptions	2,451

The acquisitions of the Del E. Webb Memorial Library on the Loma Linda campus are in medicine, dentistry, allied health professions, and graduate programs; and included in the acquisitions is a liberal arts undergraduate collection in support of certain graduate and professional programs. About half of the resources are in medical and related fields. Some rare materials in the history of medicine are included in the holdings.

Since 1957 this library has been the official west coast depository for Seventh-day Adventist literature regularly provided by church publishing houses in North America. The publications are in the Heritage Collection established in 1971. Here also are the Ellen G. White source materials, University archives, and an in-process collection of published and unpublished works pertaining to the early Adventist movement.

The Human Relations Area Files on microfiche make available primary source materials on most of the known cultures of the world.

The Jorgensen Memorial Library, established in 1978, serves the Loma Linda University School of Dentistry through extensive holdings in the current literature of the profession, a circulating inventory of audiovisual equipment, the acquisition of instructional media and the hardware for its use, and the performance of on-line bibliographic searches.

Consortium The following colleges and universities have formed a consortium under the name Inland Empire Academic Library Cooperative to give full borrowing privileges to students and faculty members of the following institutions:

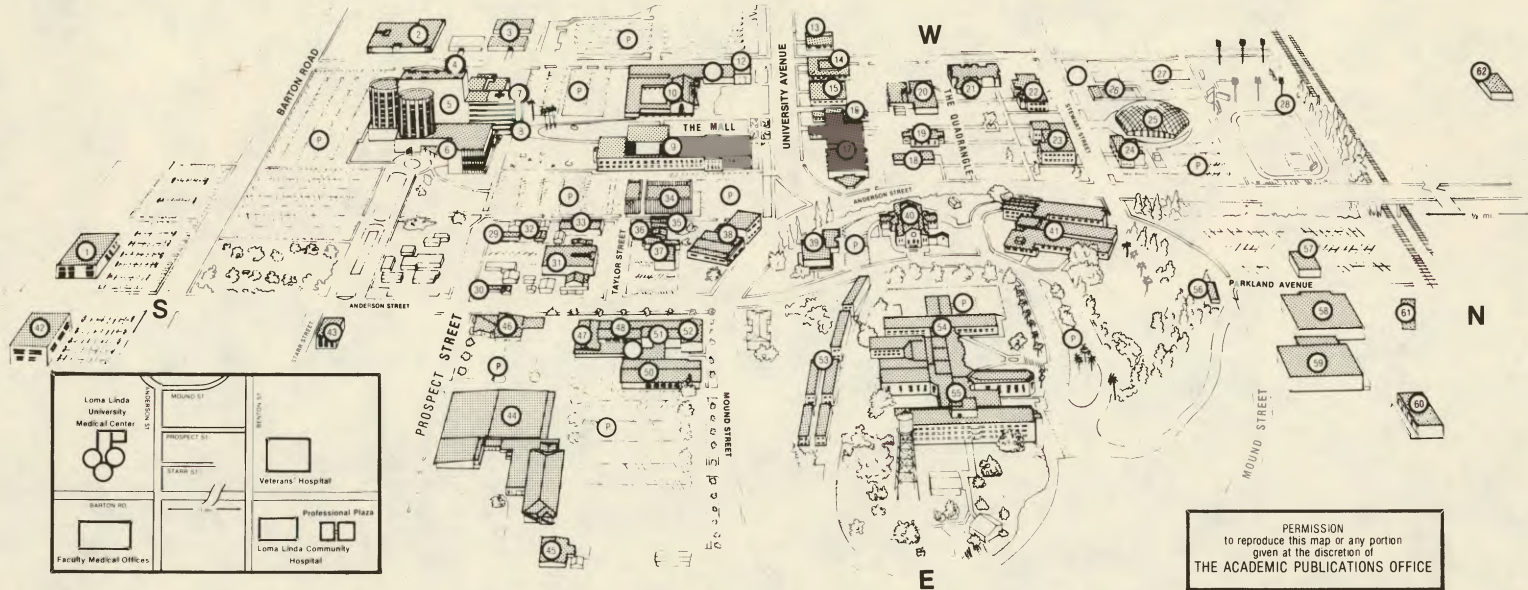

- Azusa Pacific College, Azusa
- California Baptist College, Riverside
- California State College, San Bernardino
- California State Polytechnic University, Pomona
- La Verne College, La Verne
- Loma Linda University, Loma Linda and La Sierra campuses
- University of California, Riverside
- University of Redlands, Redlands
- Community colleges in the area

Community Within driving distance of the University campuses are other collections accessible to faculty and students: the University of California (Los Angeles and Irvine campuses), the University of Southern California, the Los Angeles public library, the inland area public libraries, and the unique holdings of the Henry E. Huntington Library and Art Gallery.

The Adventist Heritage Journal *The Adventist Heritage*, a journal of Adventist history, is published by Loma Linda University. It promotes a public interest in the rich heritage of Adventism through scholarly articles, book reviews, and pictorial essays. Faculty from the Division of Religion are on the editorial board.

Archaeological excavations The University, in a consortium arrangement with other educational institutions, sponsors an archaeological excavation at Caesarea Maritima. Under the leadership of the dean of the Division of Religion, students may earn either undergraduate or graduate credit for the course Fieldwork in Biblical Archaeology.

Workshops The Division of Religion cooperates with the various schools and departments of the University and with the denominational conference organization in sponsoring significant workshops for church leaders. Well-known experts join with the University faculty and denominational leaders in providing the instruction.
