SEVENTY-SIXTH YEAR

nineteen hundred eighty-one

LOMA LINDA UNIVERSITY

Summer Conferring of Degrees

Thursday evening, August 27, 1981

Seven-thirty o'clock, The University Church

Loma Linda, California

CALVIN B. ROCK

President, Oakwood College

Dr. Rock is a graduate of Oakwood College (B.A. 1954), the University of Detroit (M.A. 1966), and Vanderbilt University (D.MIN. 1978). A fourth-generation Seventh-day Adventist minister, he has served as pastor-evangelist in the South Atlantic, Lake Region, and Northeastern Conferences (1952-68; 1970); as associate secretary of the Ministerial Association in the Southern Union Conference (1968-70); and as president of Oakwood College (1971-present). Dr. Rock has published numerous articles in denominational journals and is the author of *Our God Is Able* (Review and Herald, 1971). Active in church and community affairs, he holds membership on many boards and committees, including the General Conference Committee, the Seventh-day Adventist Board of Higher Education, Loma Linda University Board of Trustees, the United Negro College Fund, and the Alabama Center for Higher Education. He is married to the former Clara Peterson and is the father of three children.

THE MACE. Traditionally the ceremonial mace represents the authority vested in the highest officer of a governing body. In an educational institution, the authority symbolized by the mace derives from respect for the authority of knowledge and for the rights and value of the individual. Thus, the leader of an academic community assumes the obligation and challenge to ensure for its members a climate conducive to growth in knowledge and grace.

The construction of the ceremonial mace of Loma Linda University evokes further ideas. Its two metals, bronze and aluminum, suggest the value of lessons both ancient and contemporary. Rather than lying prone, an instrument to be wielded, this mace stands upright in celebration of the free human spirit. Its open construction implies free exposure to questions, ideas, and conflict. The eight vertical supporting elements (at three points bound together as for strength and stability in unity) uphold a graceful oval that points outward to the universe, the province of inquiry.

Within the oval, the University seal appears to float unfettered. The caduceus on the left represents all fields of the healing arts and sciences. The broken sword on the right implies mercy in the sense of selflessness and restraint from acts and attitudes of self-aggrandizement and destructiveness. The open book suggests God the Word as the basis for all truth. The lighted torch symbolizes the illuminating power of knowledge and the University's central purpose of forwarding and perpetuating good through the enlightened, searching, caring mind and conscience of the individual.

Preceding the President's party, the faculty, and the candidates for degrees are the University commencement marshal and the associate marshals, carrying the University mace and batons. Loma Linda University's colors — gold and purple — are represented in the marshals' gold-colored gowns trimmed with purple velvet.
