O God, our help in ages past, our hope for years to come,
Our shelter from the stormy blast, and our eternal home!

Under the shadow of Thy throne still may we dwell secure;
Sufficient is Thine arm alone, and our defense is sure.

Before the hills in order stood, or earth received her frame,
From everlasting Thou art God, to endless years the same.

A thousand ages, in Thy sight, are like an evening gone;
Short as the watch that ends the night, before the rising sun.

O God, our help in ages past, our hope for years to come,
Be Thou our guide while life shall last, and our eternal home!

Lead on, O King Eternal, the day of march has come;
Henceforth in fields of conquest Thy tents shall be our home;
Through days of preparation Thy grace has made us strong,
And now, O King Eternal, we lift our battle song.

Lead on, O King Eternal, till sin's fierce war shall cease,
And Holiness shall whisper the sweet Amen of peace;
For not with swords' loud clashing, nor roll of stirring drums,
With deeds of love and mercy, the heavenly kingdom comes.

Lead on, O King Eternal; we follow, not with fears,
For gladness breaks like morning where'er Thy face appears;
Thy cross is lifted o'er us; we journey in its light;
The crown awaits the conquest; lead on, O God of might.

ACADEMIC COSTUME

ACADEMIC CAPS AND GOWNS worn at commencement ceremonies in the United States evolved from the traditional everyday garb of the undergraduate student of earlier centuries in Europe and England. Most American colleges now subscribe to an intercollegiate system of academic costume established in 1894 to standardize gowns and hoods for the three titles conferred:

Bachelor, the first academic degree, conferred on completion of a college curriculum, originally the title used to designate the apprentice as compared to the master workman or craftsman.

Master, an advanced academic degree, originally the title applied to the skilled craftsman admitted by his superiors to begin teaching (hence the word "commencement").

Doctor, the highest academic degree conferred, originally a title implying that its possessor was so well versed in a branch of knowledge or a profession as to be qualified to teach.

CAP. The standard black cap (the so-called mortarboard, derived from the cap of Oxford University) is worn both indoors and outdoors with academic costume. The *tassel*, fastened to the middle of the top and usually worn at the left front, may be black or gold or may correspond to the color of the velvet trim symbolic of the branch of learning. Candidates for the bachelor's and the master's degrees at this College wear the black tassel, and candidates for the doctor's degree wear the gold.

GOWN. The usual color for the gown is black. The gown of the bachelor or the master is untrimmed; that of the doctor is trimmed with a wide velvet band on either side at the front and with three narrow velvet bands across the upper portion of the sleeve. The velvet bands may be black or may be the color distinctive of the branch of learning. The distinguishing feature of the gown is the *sleeve*, which is designed to indicate the degree of the wearer: *bachelor*, long, open, and pointed, extending below the hip; *master*, long and narrow, slit at the elbow to expose the forearm, the end square and closed, extending below the knee; *doctor*, voluminous, bell-shaped, extending to the wrist.

HOOD. The most colorful and distinctive item of the costume is the hood, which passes around the neck and extends down the back. The hood is lined with the official colors of the college conferring the degree, and these colors appear where the hood turns outward at the center back. The bands of velvet on either side of the center turn-back indicate the branch of learning. Details in the style of the hood indicate the degree: *bachelor*, three feet long, pointed, two-inch velvet band; *master*, three and a half feet long, pointed, three-inch velvet band; *doctor*, four feet long, paneled at the sides to give a rounded appearance at the lower edge, five-inch velvet band.

COLORS. A purple chevron on a field of gold identifies the hoods of candidates and graduates of the College of Medical Evangelists. Some of the hood colors seen in the Faculty procession identify graduates of the following universities:

California, yale blue on gold
Chicago, maroon

Columbia, white on light blue
Emory, gold on navy blue

George Washington, buff on dark blue
Harvard, crimson
Illinois, orange on navy blue
Northwestern, purple
Ohio State, silver on scarlet

Oregon, dark green on lemon
Southern California, cardinal on gold
Washington (state), purple on gold
Wisconsin, cardinal

Colors associated with the branches of learning (shown by means of the velvet trimming on hoods and in some cases on the front and sleeves of the gown) are:

dentistry, *lilac*

medicine, *green*

philosophy, *dark blue*

education, *light blue*

nursing, *apricot*

public health, *salmon*

law, *purple*

pharmacy, *olive*

science, *gold yellow*

liberal arts, *white*

social work, *citron*

library science, *lemon*

theology, *scarlet*

A Fellow of the American College of Surgeons is identified by a navy blue gown with scarlet velvet trimming.
