LOMA LINDA UNIVERSITY

Conferring of Degrees

SCHOOL OF MEDICINE CLASS OF 1976-A

SUNDAY MORNING, MAY 30, 1976

NINE O'CLOCK, THE UNIVERSITY CHURCH

ROBERT M. McLENNAN

Assemblyman, 63rd Assembly District, California

Dr. McLennan, a graduate of Loma Linda University (M.D. 1942) was elected to the State Assembly in 1973. As his district's "representative," his special interests include legislation pertaining to health care and medical facilities, drug and crime problems, political reform, and juvenile justice reform. Before his election to the assembly, Dr. McLennan had served his community for twenty-seven years as a family physician. Active in professional, religious, and civic affairs, he is involved in a number of community projects.

THE MACE. Traditionally the ceremonial mace represents the authority vested in the highest officer of a governing body. In an educational institution, the authority symbolized by the mace derives from respect for the authority of knowledge and for the rights and value of the individual. Thus, the leader of an academic community assumes the obligation and challenge to ensure for its members a climate conducive to growth in knowledge and grace.

The construction of the ceremonial mace of Loma Linda University evokes further ideas. Its two metals, bronze and aluminum, suggest the value of lessons both ancient and contemporary. Rather than lying prone, an instrument to be wielded, this mace stands upright in celebration of the free human spirit. Its open construction implies free exposure to questions, ideas, and conflict. The eight vertical supporting elements (at three points bound together as for strength and stability in unity) uphold a graceful oval that points outward to the universe, the province of inquiry.

Within the oval, the University seal appears to float unfettered. The caduceus on the left represents all fields of the healing arts and sciences. The broken sword on the right implies mercy in the sense of selflessness and restraint from acts and attitudes of self-aggrandizement and destructiveness. The open book suggests God the Word as the basis for all truth. The lighted torch symbolizes the illuminating power of knowledge and the University's central purpose of forwarding and perpetuating good through the enlightened, searching, caring mind and conscience of the individual.

I solemnly pledge myself to consecrate my life to the service of humanity.
I will give to my teachers the respect and gratitude which is their due.
I will practice my profession with conscience and dignity.
The health of my patient will be my first consideration.
I will respect the secrets which are confided in me.
I will maintain, by all the means in my power, the honor and the noble traditions
of the medical profession.
My colleagues will be my brothers.
I will not permit considerations of religion, nationality, race, party, politics,
or social standing to intervene between my duty and my patient.
I will maintain the utmost respect for human life, from the time of conception; even
under threat I will not use my medical knowledge contrary to the laws of humanity.
I make these promises solemnly, freely, and upon my honor. [GENEVA 1948]

I begin once more my daily work. Be thou with me, Almighty Father of Mercy, in all my efforts to heal the sick. For without thee, man is but a helpless creature. Grant that I may be filled with love for my art and for my fellowmen. May the thirst for gain and the desire for fame be far from my heart. For these are the enemies of Pity and the ministers of Hate. Grant that I may be able to devote myself, body and soul, to thy children who suffer from pain.

Preserve my strength, that I may be able to restore the strength of the rich and the poor, the good and the bad, the friend and the foe. Let me see in the sufferer the man alone. When wiser men teach me, let me be humble to learn; for the mind of man is so puny and the art of healing is so vast. But when fools are ready to advise me or to find fault with me, let me not listen to their folly. Let me be intent upon one thing, O Father of Mercy, to be always merciful to thy suffering children.

May there never rise in me the notion that I know enough, but give me strength and leisure and zeal to enlarge my knowledge. Our work is great and the mind of man presses forward forever. Thou hast chosen me in thy grace to watch over the life and death of thy creatures. I am about to fulfill my duties. Guide me in this immense work so that it may be of avail. [MAIMONIDES]
